SPINNING® PROGRAM

The original and most popular group cycling class. This class will help you quickly turn your goals into reality. With no complicated moves to learn, top notch instructors and music that begs your legs to pedal, getting into the best shape of your life has never been more fun!!! Nearly 1,000,000 people ride on a Spinner® bike in a Spinning® class every day. Created over 15 years ago, the activity now known as indoor group cycling burns as much as 600 calories in just 45 minutes!!!

Spin/Core class adds another element. Increase power and cardio endurance on the bike, followed by a tough strength segment attacking the upper body and core.

Hills&Drills: Build power and stamina on the bike, then onto 25 minutes of high intensity resistance training using TRX, kettlebells, barbells, and more!

Ages: 15 & over
